### Recent developments in the rules concerning hydrocarbons concessions in Hungary

The recently published new ministerial decree on the mining concession tender procedure 8/2014. (II. 18.) may be interpreted as a sign of the Hungarian National Development Ministry's willingness to provide certain changes in order to provide more clarity for the process after the 2013 Bid Round and to detail and elaborate the existing rules.

**Here** you find a brief summary about the recently published amendment of the Hungarian decree on the mining concession tender procedure prepared by the Energy Law Practice Group of our law firm.
